

★ W/ITDR:

tracks
meas. wd 1 of deer
factor 1

growth rate
meas. wd 2 of him. B.B.
factor

2

1st step
(should be
done already!)

TODAY: ecological info about your factor

- where are the factors located in the environment/
Noyes Property (habitat, physical location)
- What eats the factor? What does it eat?
- How does it affect plants or animals?

Turn in via e-mail:

- 1 paragraph for each factor
- WITRB question
- subj: "Per. 8 Dan Bregar Amber Robinson"
- dan.bregar@corvallis.k12.or.us
