

# Creating Brick Packs:

With a partner, collect:

1. Two medium-size (~shoe)  
rocks

2. Forty leaves

10 mins

- From ground

- ~same size

- A variety (5-6 types of trees)

10 mins.

3. Tie 20 leaves around each rock - spread around surface & tie tightly

4. Attach a rope to your rock

5. Write your names on small piece of tape & attach to end of rope

# Ways that organisms can get energy/nutrients:

herbivore  
carnivore  
omnivore

Functional  
feeding  
groups:  
What organisms eat  
and how they eat it

trophic levels:  
producer (make own food)  
consumer (eat other organisms)  
decomposer  
(digest externally)

## Functional Feeding Groups:

- Shredders
- Scrapers
- Collectors / Gatherers / Filter feeders
- Predators
