

Henry Rogers

Outside of class ... check Pinnacle

Due dates:

- Acceleration II #2 arduino due Wed. 3/30
- RGM complete & functioning by Fri. 4/1
- Measurements done by Fri. 4/8

## FORCES:

- Forces are pushes or pulls
- Forces can affect the motion of objects
- To change an object's motion, we need an overall force (unbalanced, or net force)
- Net forces cause acceleration:
  - speed up
  - slow down
  - change direction
