

## AMI Names Warm-Up:

On a half-sheet of paper, list the common and scientific names of the six different groups of macroinvertebrates that we will be studying.

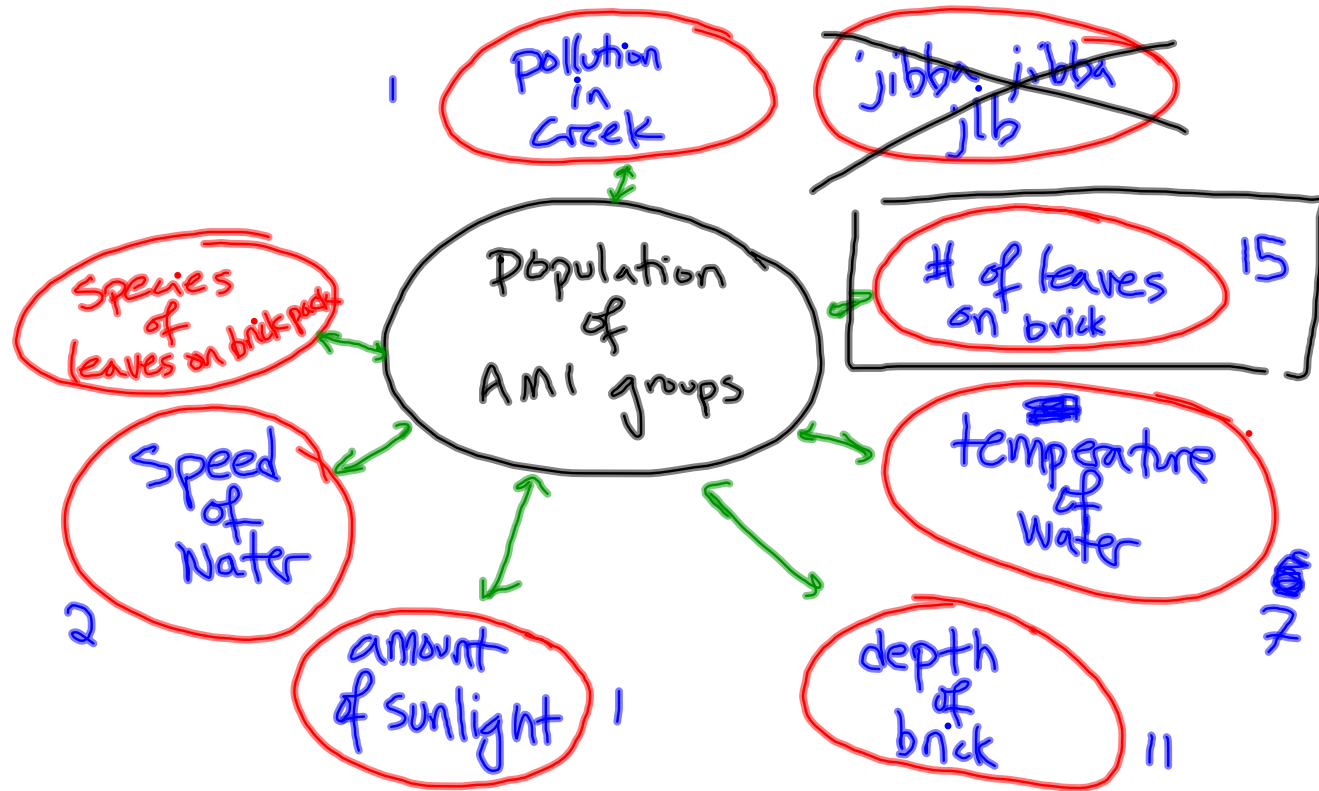

You may use your notes and portfolios.

3 minutes, 3 points

## "Quick & dirty" AML study

- One day of AML collection
  - Brick packs go out today
  - Count Monday
- WITRB question the whole class will answer

What is the relationship between  
the population of different AML groups and  
\_\_\_\_\_ of \_\_\_\_\_?

- All bricks go in today
- Count on Monday
- At least 2 possible values for other factor
