

PST -- 6/6/17

- Today is the last day in-class to finish your air cart. You can work on them outside of class until Friday.
- Momentum Mash-o-rama begins on 6/13 (Tuesday).
- Carts will be graded when submitted. Criteria:
 - > Ease of movement down track 10 points
 - > Can hold a fan 10 points
 - > Fan is secured to cart (won't fall) 5 points
 - > Craftsmanship 15 points
- Once checked-in, carts cannot be modified. Carts to be checked-in (completed) should be given to Mr. K. They will be placed upon one of four marked shelves in the cabinet (don't use these shelves!!).
- For today, only turn carts in at the end of the class period -- no matter what your cart is like, it can always be improved.
- Thursday: REDO video analysis and momentum conservation collision problem.
- Next Thursday: TEST over video analysis and momentum conservation collision problem
