

10/6/10: Inflatable Structure Project Day 2

Today:

- Finish your thumbnails. (These are due today at the end of class).
- Must have three distinct shapes for each thumbnail.
- One drawing on ½ a page.
- Must be neat. Part of the grade will be based on quality.
- Where does the fan go?
- Include other necessary notes.

When you are finished:

- Have Mr. H or Mr. K look at your thumbnails.
- Turn them into the basket.
- Start working on your Detailed Drawing:
 - Use one full 8.5" x 11 piece of paper.
 - Use straight edges and circle templates.
 - Include notes for all necessary details.
 - Show two views (a side and front for instance).
 - Part of the grade will be neatness.
- If you get done, turn this into the basket and you may go to the computer lab to work on CAD4.
- CAD4 is due next Wednesday. You will not have any more class time to work on this!
