# In general: (EVERY DAY)

- Start the class with your notebook and something to write with— <u>ready to go</u>.

- If we write on the Smart Board, write it in your notes!

- Notes on the regular whiteboard are sometimes optional (we'll let you know).

NO ELECTRONICS:

- Unless it has been approved & is being used for this class
- If we see a device we will take it...
- Confiscated devices will go to the office

Today's Tasks:

1. Finish work in Illustrator

2. Get illustrator file on a USB drive — Sign up on whiteboard

3. Work on writeup in computer lab

4. Once you have your wheel, collect your data!

Data Collection:

Trial	# rotations	distance (cm)
